9th DECEMBER, 2026

Jointly organised by

We4you and I Access Rights Mission, Centre for Disability Studies and Action, School of Social Work, Tata Institute of Social Sciences(TISS), Mumbai.

Venue: 6th Floor, Library Conference Hall, Tata Institute of Social Sciences, TISS Main Campus, Deonar, Mumbai

Theme: Inclusion and Accessibility through CSR

Introduction

Persons with disabilities accounts for an estimated 16% of the global population, as a diversified group, endure discrimination, stigmatization, and other barriers that prevent them from participating in society on an equal footing. Following the United Nations, 2030 Agenda for Sustainable Development of Persons with Disabilities, the theme of the conference is" ***Inclusion and Accessibility through CSR****". As we embark on this significant journey, we gather the corporate leaders, CSR sector, Skill based experts, academicians, Government Officials, disability advocates, parents, Persons with disabilities from around the country to engage in meaningful conversations, share innovative insights, and innovative strategies to empower individuals with disabilities and creating accessible environment for all.*

Aim:
The conference aims to develop a transformative dialogue among all stakeholders to dialogue on the United Nations' Disability Inclusion Strategy and Accessibility to work towards the sustainable development goals and sustainable livelihoods fostering an inclusive society.

Purpose:
The United Nations Disability Inclusion Strategy (UNDIS) is a system-wide framework launched by UN Secretary-General in June 2019 with the global agenda of brining persons with disability to the centre stage from the margins with a mission of UNDIS-2.0-2026-2030 which is embedding disability inclusion across all pillars of the UN's work: Human Rights, Peace, Gender and Security and sustainable development for all.

Objectives:
• Fostering the value of inclusion and accessibility through CSR's as a long term strategy to amplify the unique capabilities of people with disabilities to bring inclusive culture in industries and corporates.

• Sharing the best practices on accessibility and inclusion for persons with disability in context of Sustainable Development Goals 4 (Quality Education), and SDG Goal 8 (Decent Work) SDG Goal 9 (Industry, Innovation and Infrastructure) offering a comprehensive overview.

• To share the CSRs initiatives on accessibility and inclusion to develop a roadmap facilitating United Nations disability inclusion strategy 2026-2030, with the goal of nurturing societies.

***Outcome of the Conference**: Developing Future roadmap for equal access for Persons with Disability for policy makers to work towards SDG 4, 8 and 11.*
