MISSION

TISS organises teaching programmes to facilitate the development of competent and committed professionals for practice.

Mission

To develop new research and expertise for supporting effective innovations in the urban sector and their dissemination through knowledge exchange, training and capacity development.

VISION

TISS has been an institution of excellence in higher education that continually responds to changing social realities through the development and application of knowledge.

Vision

Promoting integrated solutions for urban India.

Master of Arts Post Graduate Diploma

Cities and Governance

Preamble

An interdisciplinary programme with a state of the art pedagogy premised on a global content with national relevance

The programme enables students to envision and create equitable, gender-just and sustainable city spaces. The unique curriculum brings together the study of governing institutions and finances; equips students to learn and prepare macro and sectoral plans, and situate these in city analytics.

Master of Arts
Post Graduate Diploma

Cities and Governance

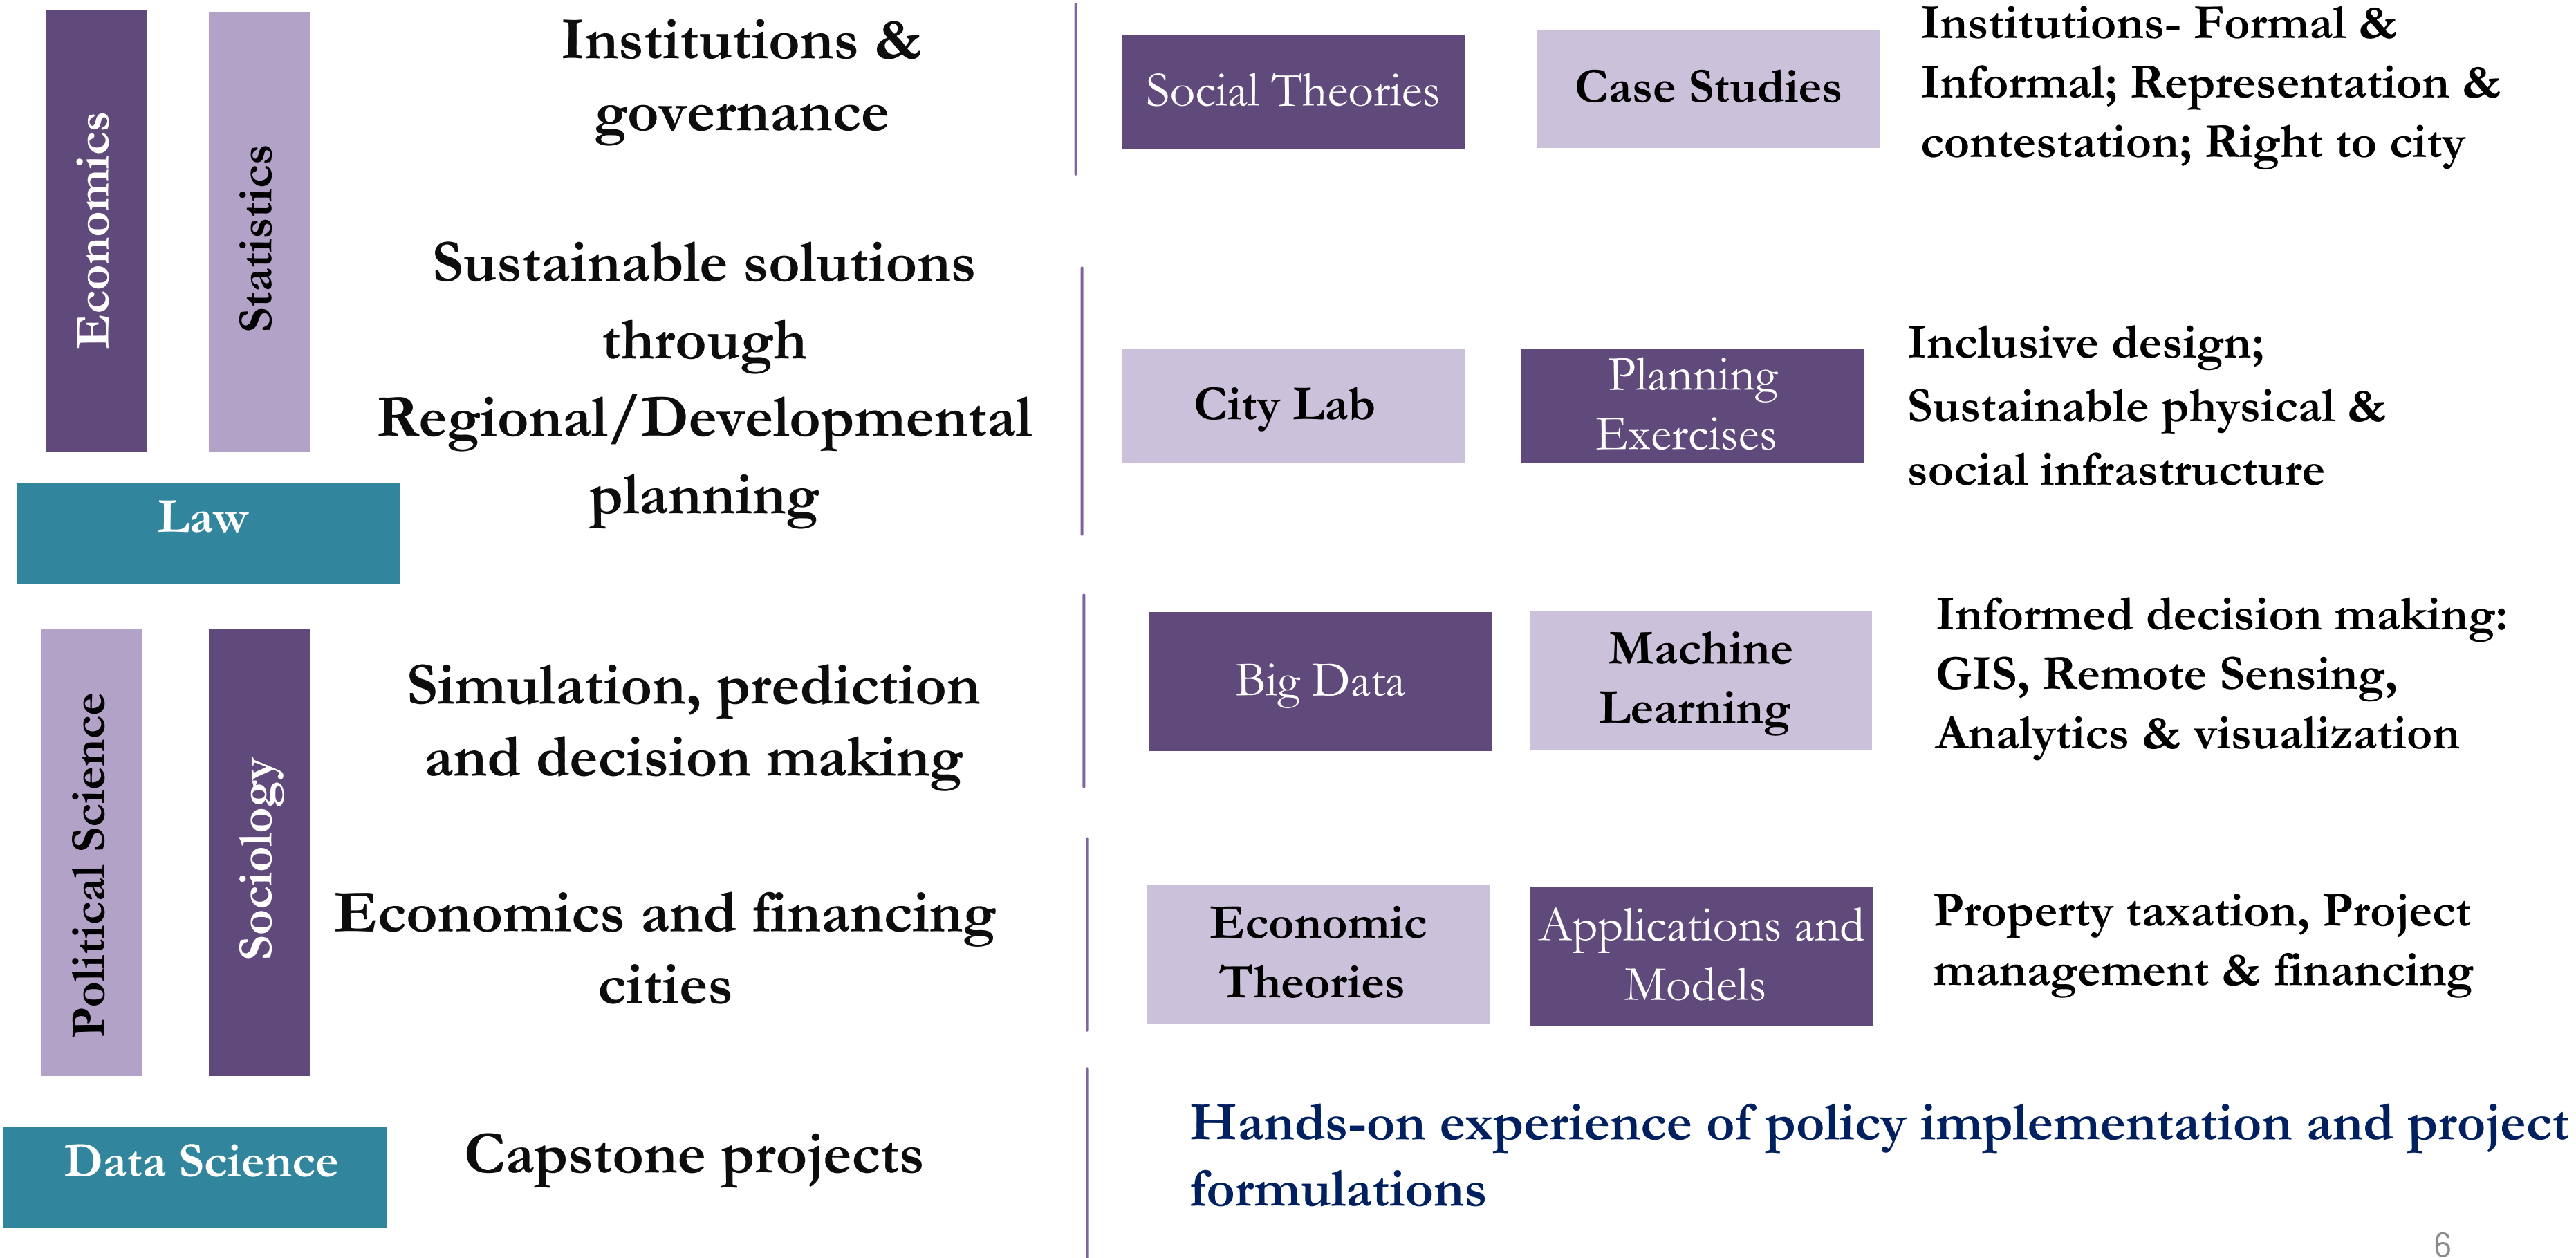

A Global Programme

- A curricular focus on the global south while capturing a diversity of experiences from the global north.
- Globally relevant methodological skills with a national focus in institution design, city-centric economics and finance, city planning, and data analytics
- Dovetailing theory in the regional, national and local practices through the City labs and the Capstone projects

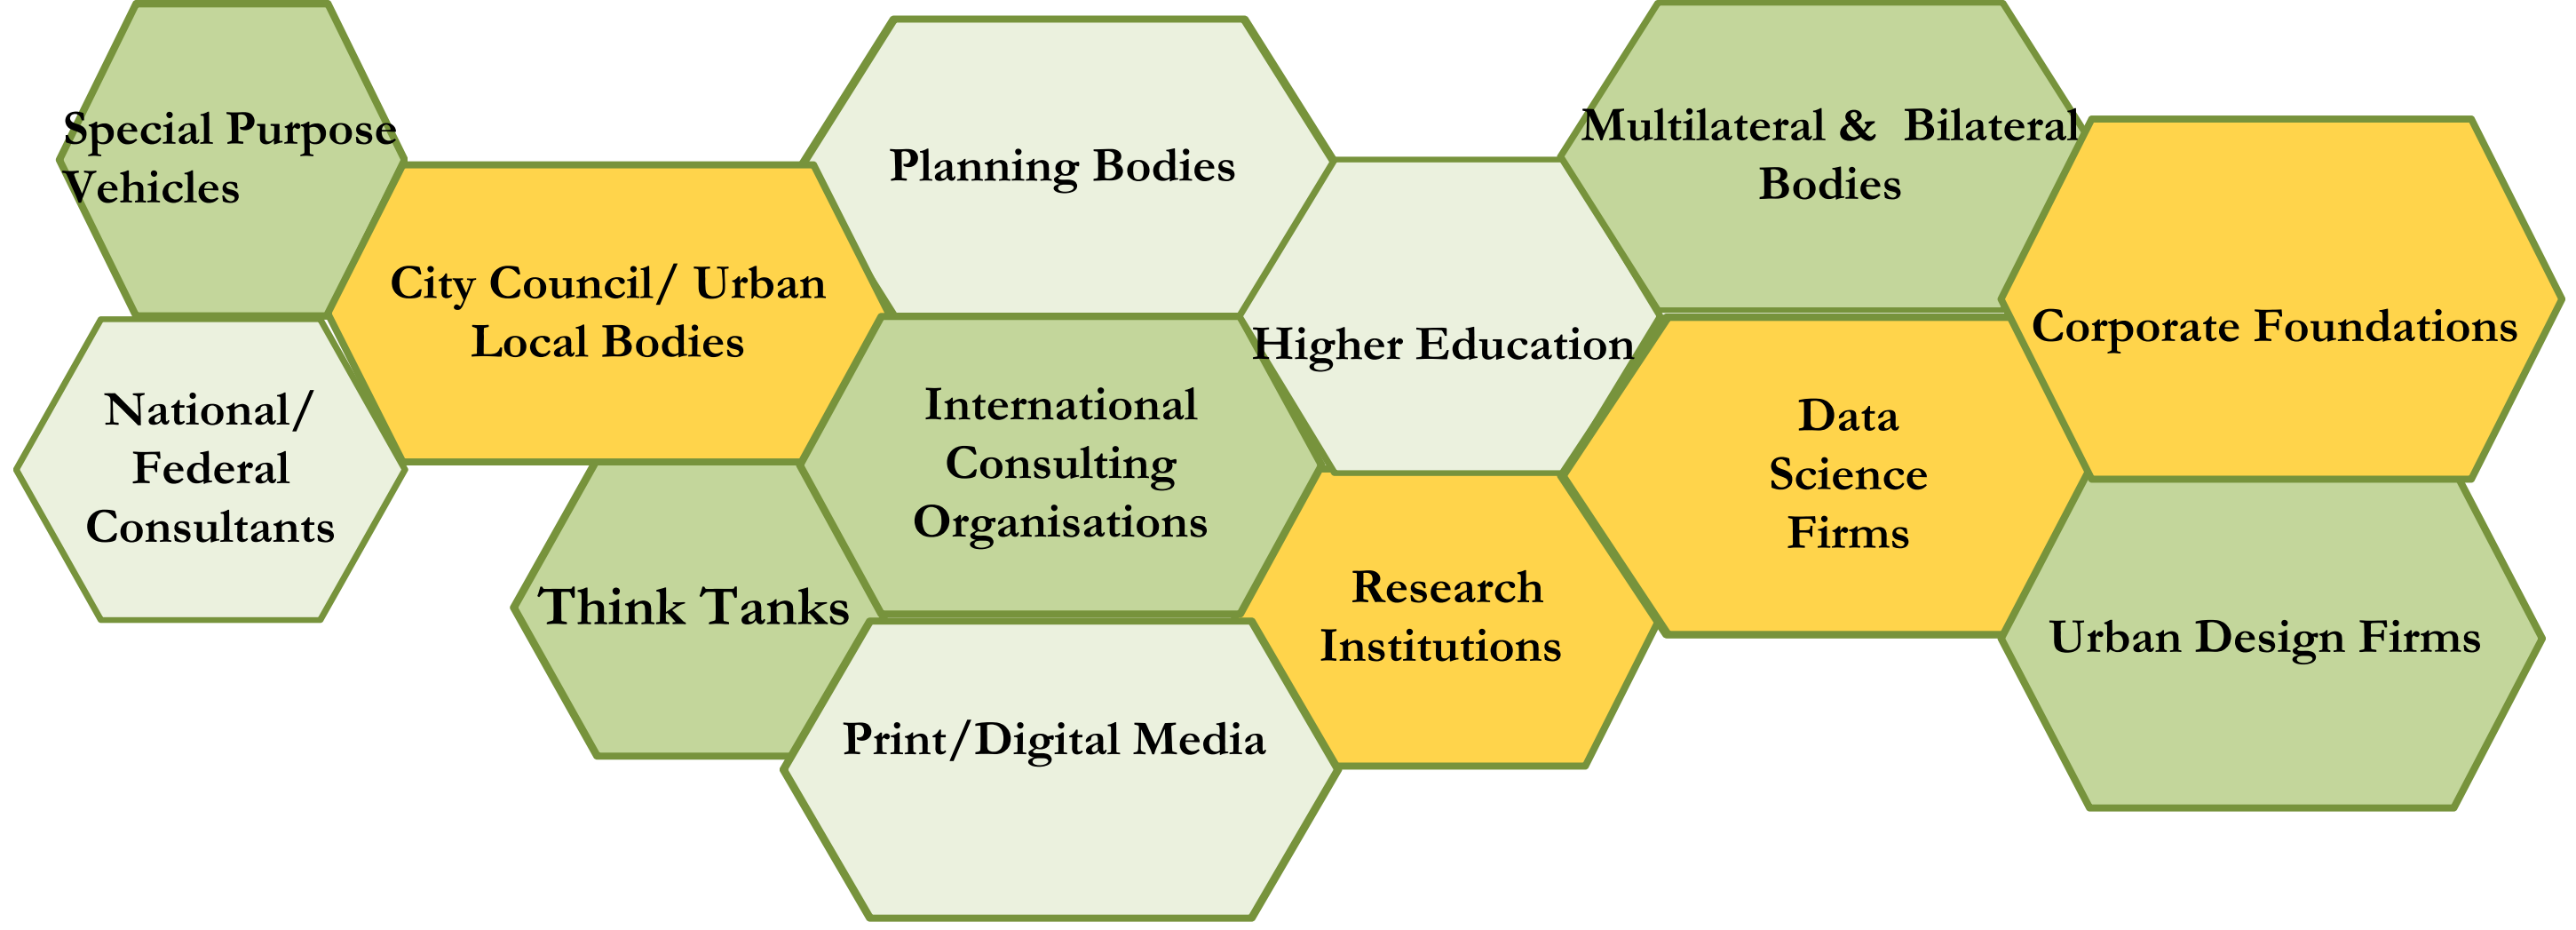

Curriculum Framework : MA in Cities and Governance

	Perspectives	Envisioning inclusive, sustainable and gender just cities
	Institutional Designs	Legal frameworks for city governance, Planning and practice, Policy instruments, Experience from the global south
	Economic Frameworks	Why and how cities grow? How sectoral economies of cities work? How households and firms make financial decisions? How are cities financed?
	City Analytics	Big data, Statistical methods, Applied data science, Spatial analysis, Impact evaluation
	City Planning Labs	Regional, development & infrastructure planning, Transport and traffic planning, Informality and inclusive planning
	Capstone Projects	Hands-on experience of policy implementation
	Research	Policy analysis, Policy dissertation

Curriculum Framework: Post Graduate Diploma in Cities and Governance
